

STEEL TRUST TO RAISE WAGES

General Advance For All Except Higher Paid Employees.

SCALE NOT YET FIXED

SPECIAL TO THE NEWS.

New York, March 30.—The managers of the United States Steel corporation have under consideration a proposition to make a general advance in the wages of all employees other than high salaried officers.

The proposition before the management is a voluntary increase similar to that declared by the Pennsylvania railroad Tuesday, and is intended to reconcile current wages with the high cost of living.

What has been done in regard to the proposed increase could not be learned from President Corey today, nor from other high officers in this city. Judge Gary was out of town and all that Mr. Corey would say was: "I don't care to discuss it. It is entirely too personal a matter."

Elsewhere it was learned that it has already been decided to put into effect new and higher scales of wages in some plants or in some departments of all plants. From the same source it was learned that the officers and directors consider a rather general advance advisable but have not yet determined on either the extent or the amount of the advance.

It was thought likely that the company would follow the same policy as that pursued in 1902 when instead of a general advance at one time wages were advanced by degrees in one mill after another.

STOCK MARKET CLOSES WEAK

Declines May Be Due to Pessimistic Statements of Hill.

HARRIMAN STATEMENT

(Copyright 1910 by N. Y. Evening Post.)

New York, March 30.—After three hours of inactivity today's stock market turned weak again and sharp declines occurred throughout the list before the closing. On the decline, activity was considerably increased, the extreme losses running to 14 points in Amalgamated Copper, 2 1/2 in Union Pacific, 2 1/2 in Steel common, 2 1/2 in Reading, 2 1/2 in N. Y. Central, 2 1/2 in St. Paul, 2 1/2 in American Smelting and 1 1/2 in Great Northern. Toward the close of the market, recovery of 1/2 point or thereabouts occurred, and prices closed irregular.

There was no special cause for the weakness of the day, unless it were to be assumed that Wall Street disliked the reading of the tone of John J. Hill's statement on the railway.

It will not be surprising, therefore, that the pessimistic conclusions and Mr. Hill himself points out no reason or remedy which would be equivalent to suggesting that the railway regulations themselves must be changed as to the position.

Other news of the day was scanty. The parliamentary developments at London had an obscure suggestion of a compromise on pending legislation.

The London stock exchange position was illustrated by a rise in carrying charges on American shares, at today's settlement 1/2 and 5/8 per cent. at against 4 1/2 at the last settlement and 3 1/2 at the settlement before.

The Harriman roads issued two rather remarkably strong statements of February earnings. Weekly reviews of the iron and steel trade spoke favorably on steel and unfavorably on iron.

COMPERS ASKS GOVERNOR TO SUE STEEL TRUST

SPECIAL TO THE NEWS.

Indianapolis, March 30.—Samuel Compers, president of the American Federation of Labor and twenty-five other labor leaders called upon Gov. Marshall today in the effort to secure prosecutions under state laws against the United States Steel Corporation at Gary.

Compers made a long statement in which he said the question was whether the state of Indiana will compel the corporation which has millions invested in Gary, Elwood and other cities in Indiana, to obey the law.

According to written charges filed by the national labor organization the steel corporation is violating the laws of the state in that it has evolved a system of peonage in its operation, of which the ignorant foreign class employed to great degree are the victims.

E. D. Leary was before Judge Quinn for disturbing the peace. He carried a big hutch knife in his pocket when arrested. He pleaded not guilty and will have a hearing Thursday morning.

Clara Brighouse, arrested at the same time on the same kind of a charge, said she was guilty, but the judge withheld the sentence until after she testifies in the Leary case.

A half dozen little boys from the vicinity of Navarre street and Dueber avenue were told what would happen if they appeared in police court again. All promised to be good and went home.
